

Baudot – Strings

Design by Allermuir

Baudot Strings provide an attractive alternative solution to screening whilst noticeably improving the acoustics within a space. Constructed from extruded Aluminum poles surrounded by foam and fabric, Strings provide an excellent surface

to absorb and diffuse sound waves. With 24 fabric colors and various heights available, interior designers can create an arrangement to fit in any environment.

Baudot - Zero Wall

Design by Allermuir

A domed wall mounted shape to improve acoustics without losing floor space. Available in a combination of three sizes and 24 colors, Baudot Zero Wall diffuses

noise by both absorbing and deflecting sound, while adding visual interest to walls.
